## DESCRIPTION

A stretch work jacket with functionally inserted parts made of extra durable super elastic Tabiflex<sup>®</sup> material. The special Amalytton<sup>®</sup> material, used to make the work jacket, ensures increased strength and durability of the cotton fabric while maintaining elasticity and providing all the benefits of a natural material, such as breathability and a pleasant wearing. The work jacket with stand-up collar has an anatomically shaped and functional SLIM FIT cut. Functional back panels made of extra-stretchy Tabiflex<sup>®</sup> material contribute to an even better fit when moving. The work jacket has a zipper, is equipped with 1 zipper chest pocket, 1 zipper pocket on the left sleeve, and 2 convenient zipper side pockets; the width of the sleeves and the bottom hem of the jacket is adjustable with fasteners. The upper left part of the jacket is designed to bear a company logo in the form of either printing or embroidery. The back of the jacket has functional ventilation. Higher visibility is ensured by reflective stripes on the front and back and hi-vis accessories.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

**ČSN EN ISO 13688:2013** – Protective clothing - General requirements

PPE of simple design against the minimum risks that may be quickly and safety recognised by the user.

The self-certification was carried out on the basis of the technical documentation of the product and practical tests of ergonomics properties of the product by Ardon Safety s.r.o. on 20 January 2021.

The 4XSTRETCH Collection meets health requirements and is **OEKO-TEX<sup>®</sup> Standard 100 certified, PG020 certificate 128167 OETI.**

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid the fire and sources of intense heat. No accessories or replacement parts are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
