

TECHNICAL DATA SHEET

V6100

Eye protection

Article NO: E4030

Lens: smoke

Material- lens: polycarbonate

Material- temples: nylon Material- frame: nylon

Stylish safety glasses which combinate fashionable look, comfort and functionality. Soft orange groove temples tips make the temples fit perfectly without sliding. Adjustable temples tilt emables the glasses to adapt to the shape of the face easily. Large smoke polycarbonate lens which are made from one piece protect against UV radiation and have a function of anti-solar filter while maintaining adequate color perception. They are anti-fogging, anti-scratching and resistant to low-energy shocks (up to 45 m/s) at extreme temperatures ($-5 ^{\circ}\text{C} - +55 ^{\circ}\text{C}$) and provide maximum protection.

Adjustable temple length - YES

Adjustable temple angle - YES

Anti-fogging lens - YES

Anti-scratching lens - YES

Smoke lens, UV, 5-3.1 1 FT O

Type of filter: 5 solar filter Shade number: 3.1 smoke

Optical class: 1 permanent use

Mechanical resistance: FT resistant to low-energy shocks at extreme

temperatures

Type of the lens: O original lens

This personal protective equipment is in conformity with these harmonized European Standards:

EN 166:2001: Personal eye protection. General requirements.

Certified by notified body no. 2797 (BSI Group The Netherlands B.V., John M. Keynesplein 9, 1066 EP Amsterdam, The Netherlands), Certificate no CE 692741, dated 12th September 2019.

Pieces in carton: 250
Pieces in box: 10
Polybag packing (pieces): 1
Carton weight: 13 kg
Carton size: 0,103 m³

Store in dry and dark environment away from direct sunlight at temperatures of -5°C to +55°C, relative humidity 90% and out of sources of gasoline vapors and solvents. It is recommended to clean after each use. Clean at room temperature with a clean cloth, lightly moistened with a concentrated solution of water and detergent. Do not use hot water, fuel, degreasing fluids, organic solvents or abrasive cleaners.
